COURTLEIGH MEETS YOUR BUSINESS NEEDS

KINGSTON: The Courtleigh Hotel & Suites, Kingston's most charming corporate hotel, presents introduces high-speed wireless Internet service to the wealth of business services already supplied by the property.

Kevin Hendrickson, General Manager, states, "We recognized that in order to keep meeting and exceeding our clients expectations then the time was now for high speed access." Our partners, Merit have provided a reliable and easy to use system that gives the guest the flexibility to work anywhere throughout the hotel.

This addition, along with the hotels 24-hour business center that features personal computer stations, scanner, laser printer, facsimile, business library, secretarial and courier service makes doing business a pleasure at The Courtleigh Hotel.

For those guests needing a little bit more, the hotels Executive Office Suites are the answer. These spacious suites offer a home away from home and an "office away from the office". A unique combination of business and leisure facilities the executive office in the suite offers a large executive desk with executive contoured chairs and basic office supplies, Pentium III computer, Hewlett Packard multi-task station: printer, photocopier, scanner and fax, free internet access and more. The bedroom features king size four-poster bed and all the usual comforts of the typical suite.

The Courtleigh Hotel & Suites continues to add to its range of services and room categories in an effort to meet the changing demands of today's modern business traveler.
